Hot BDSM Heartfelt Romance

By Pandora Spocks

Amanda's Dominant Daddy is a spicy contemporary romance with a BDSM theme, specifically a Daddy Dom/little girl dynamic.

At her exclusive gym, Amanda, a movie studio executive, meets Braxton, a handsome actor. For months she ignores his attempts to flirt with her, finally reluctantly agreeing to join him for coffee. But she bails on him, only to end up having dinner with him later that night.

When he helps her navigate a problem with her car she realizes that having someone to take care of her is a nice thing. Opening up to Braxton, Amanda discovers a part of herself she didn't know existed, a little girl looking for a daddy to be in control.

I absolutely loved this book. Maggie Carpenter handles the DD/lg storyline with authority and tenderness. The plot is engaging and I found myself rooting for Amanda and Braxton. And she brings the sexy and the kink! Great book!

LOVED it. :) Another Great Read.

By CelticWolf9

I was given a copy of this book through a Review Group I belong to, for an open and honest review.

This is my second read by Maggie Carpenter and I was not disappointed. :) Another great story that was read in one sitting.

As the title says, this is about Amanda Anderson. A business woman in the entertainment industry of Hollywood. She's a tough no nonsense lady, not opposed to throwing the odd tantrum to get her way or having those she meets, caving in for the peace under her manipulation. :)

While attending a gym, she notices Braxton Carter. A younger, handsome and talented actor. He too has noticed her as each ponders what it would be like to be with the other. Braxton makes the first move inviting Amanda for a coffee, that quickly becomes a bit of disaster! :)

They do eventually meet later that day, where she apologizes and is soon making them both dinner after an accident with her car. They talk and after a kiss, Amanda knows she wants more. Needless to say, she soon learns it does not pay to have a tantrum around or with Braxton. :)

He dishes out her punishment, treating her like the child she has behaved as. Giving Amanda a small taste of the BDSM lifestyle Braxton enjoys. Amanda soon opens up to Braxton about her past, that has in many ways led to how she is with people. Braxton is not put off and uses it as their relationship develops and deepens.

There is the misunderstanding that has her in tears and wishing she'd never met him. But with the 'lovely' Jeremy; her amazing assistant, they get it all sorted with some clever trickery. I loved this new book of Maggie's, to read and was often chuckling away at the banter between the characters. Even close to tears with Amanda, but glad Jeremy came to the rescue. :)

It's a great story and can't wait to read more of Maggie Carpenter's books. Thank you for a fun, quick read; for me. :)

Romantic and Sizzling Hot

By Anonymous

Tough and independent show biz executive Amanda, has seen a hot young actor, Braxton, watching her at the gym. She's totally attracted to him, but so are all the girls, and they are young and sexy and she can't imagine why a guy like Braxton would have any interest in her. When he runs into her at the juice bar he talks her into at least having a cup of coffee with him, but when she meets up with him in the parking lot she has a sudden panic attack, and thinks any chance of relationship is impossible, so why waste time and have coffee with him? She blows him off, and immediately regrets it. Later that night she runs into him in a restaurant and after her car is involved in an accident, he steps up and takes control of the situation, eventually driving her home. She ends up inviting him in for dinner, and he kisses her. The sparks fly. She lives in a big home in Beverly Hills, and has been hearing scary noises in her house late at night, so the next day she invites him over to see if he has any ideas about what it could be. The book had gripped me up to this point, but this is where things really start to take off. The love and attraction between these two is awesome, and the way he handles her...it's just perfect. The scenes where he takes control as her daddy are super sweet but also sexy. This book gets a huge thumbs-up five star from me.
