A riveting legal thriller from start to finish!

By Amazon Customer

An Illustrated Guide to Civil Procedure, Written by the literary titans Michael Allen and Michael Finch, captivate the reader from page 1 to I-6.

The book is a chilling narrative of institutionalized ageism, told from the perspective of both the Prosecution and the Defense. The writers weave a web of intrigue as they guide you through one of the most exciting and heart wrenching legal cases in American History - that of Otis Olman and his struggle as the downtrodden everyman against the sinister and omnipresent corporate entity known as Full Moon Sports.

There are many thought provoking and conscience wrangling questions for which the reader is to ponder, such as:

"If Tweedy had not made a Rule 50A motion at the close of all evidence, would he now be permitted to make a motion under Rule 50b?"

Questions like these are meant to make the reader think, to search his soul for the very essence of what the question is REALLY asking - should a faceless monolith of a corporation really be allowed to stomp on the dreams of a modern day Tom Joad, that of Otis Olman?

Not since Ken Kesey's "One Flew over The Cuckoo's Nest" has there ever been a cast of characters so lifelike, so well written, so real. Otis Olman is the McMurphy to Tweedy's Nurse Ratched. He's an ever present entity ready to strike down the hero.

To ruin the twist and turns of this novel would do it disservice. I feel that this book has all the makings of a literary classic - the character depth of Tolstoy's War and Peace, the gut wrenching twists and turns of Steinbeck's Grapes of Wrath, and the ultimate in detail description of the legal slaughterhouse - the courtier's l'abattoir de pièce, if you please - reminiscent of Upton Sinclair's The Concrete Jungle.

Do yourself a favor and get this book. If not, a little piece of you may be Rule 11'd.

Want to know what a complaint looks like?

By Red Wolf

Civil procedure books and supplements tell what is and isn't supposed to go in a complaint or a motion or an answer. This one shows what a sample complaint might look like, or various motions, or an answer, or a discovery request. Just like one picture can be worth a thousand words, here one supplement with examples can be worth a dozen that talk about something they never show. The hypothetical case is not riveting, but neither is it helplessly silly. It provides an ample framework for showing the relationship between a client narrative and a resulting document. Made it much easier for me to visualize what my civ pro text was actually talking about in terms of the type of documents a civil lawyer is expected to produce. Not for everyone, but wonderful for anyone who has ever wondered what a complaint actually looks like. Form books will show you what the blank form can look like, but not what to put where on the form.

Cool

By freyourself

Cool little book. Makes civil procedure a little more practical and understandable. i would recommend 1Ls buy this as a supplement to whatever civ pro book you have.
