A beginner's guide is a great book, not only for beginners but for all ...

By Sean P Coleman

Bonsai: A beginner's guide is a great book, not only for beginners but for all bonsai enthusiasts. It is very easy to read and contains great information, not only about basic care and training techniques; the book also contains great information on the history and inspiration of bonsai. For \$3.99 its a bargain that all who are interested in bonsai should have in their book collection!

I simply love this book

By Barbara E. Miller

I simply love this book. The images are of great quality. The information is very useful. Many members of my bonsai society have recommended and referenced from this book.

Inspirational and informative!

Great photos, good info!

By JFM

Loved the photos and the author succeeds in writing an understandable guide on keeping Bonsai trees. I skipped the intro on what bonsai is, as I got a Bonsai as a gift and needed to read about watering my tree. I found my tree species (a Fig) in the care guide section, so now I know exactly how to take care of my Bonsai. I just need to start getting more trees now!
