Perio lovers, beginners and lecturers

By Korkud Demirel

This is an outstanding atlas for gp's with an interest in periodontics and grads starting a perio program. Well designed contents, detailed illustrations, perfect photos, informative legends and superb paper quality makes the book special and pioneer in its class. Furthermore it is a good and guiding resource for planning lectures for dental audiences.

Still current

By Robert Mokbel

I have had this book now for over 20 years and I still refer to it, great illustrations and easy to follow, great for perio residents and periodontists alike.
