DOCTRINAL COMMENTARY ON THE BOOK OF MORMON, VOL. 3 BY JOSEPH FIELDING MCCONKIE, ROBERT L. MILLET PDF

As the keystone of our religion, the Book of Mormon is high-priority reading. Naturally, it is read with varying degrees of comprehension, and many of us need assistance to deepen our understanding. The four-volume commentary focuses on the most significant aspect of this standard work-doctrine. Dividing the material into convenient topical sections, each volume quotes the Book of Mormon verses and gives detailed commentary that reflects not only the authors' own considerable scholarship and research but also the insights of other scriptures and modern prophets. This invaluable commentary will help readers draw nearer to God by enhancing their study of His sacred word.

Best Book of Mormon Commentary

By Tom C

If you are looking for a companion study for this year's study of the Book of Mormon or anytime you are wanting more help in your scripture study this commentary is the best.

2 of 2 people found the following review helpful.

There is much better than this... look elsewhere.

By C. Larsen

This set is page after page of the same-old stuff. The authors are very adept at saying the same thing in different words, and if they didn't this set would be half the size it is. If you want trite fluff, devotional musings or the like, this is for you, but there really is much better available. The authors offer nothing new to the study of the Book of Mormon. The most valuable aspect of this set are the occasional authoritative quotes the authors use from modern prophets and apostles, but if this is what you want, you would be better off with K Douglas Bassett's "Doctrinal Insights to the Book of Mormon" (3 vols). If you really want to learn something, the best commentary available on the Book of Mormon is Brant Gardner's "Second Witness" series (6 vols). It will be decades before anyone is able to surpass Gardner in scope or quality.

A good try but...

By A Customer

Bro. McConkie tried to glean current church doctrine from the B. of M. but in my opinion he missed the point. I give five stars for the verses he quoted from the B of M and zero stars for the commentary which comes to three overall. Our people do not need another so-called "commentary" by an "expert" to understand this most simple of books. Read it, the B of M that is, and you cannot help but be overwhelmed by the message.
