Fools Crow: Wisdom & Power

By Matthew A. Lambert

An amazing book, by one of the most renowned Holy Men in the Native American Community. "Fools Crow: Wisdom and Power" is bursting with knowledge and love. He depicts techniques on how to become a living chanel for Great Spirit's Healing Energy, you will learn how to become a "Hollow Bone" as he calls it. But you must realize that this is by no means a how to book. He describes his experiences in a way that they are filled with teachings of how to attain power and wisdom, and the right way to use both. All and all, this is one of my favorite books out-right! A book that opens a door

By A Customer

The legacy of Fools Crow is his wisdom & power as a Lakota medecine man. The path he walked, as a man called to serve his people & the Great Spirit, is recalled in this book. His simple message is that all of us can be "hollow bones" for the Great Spirit to work through. The reader learns that the power & wisdom of Frank Fools Crow's life was in his detachment from ego and submission to a higher force. Some readers may only be interested in the ceremonies & rituals described in the book. However, the message is the spirit of the man & his committment to his God & to his people. I can not imagine that any reader can walk away from this

book untouched.

Remarkable - simply a must read!

By ROBERT KINGSLEY

This is one of the most remarkable books I have ever read! If you want a book that will draw you closer to God, regardless of your religion or beliefs, this is the book. Frank Fools Crow will teach you by his example what a holy life truly is and the power that will naturally flow from living this type of life.

The beauty of the traditional way of the Sioux is also captured in this book. Yet Fools Crow reaches to the heart of all people with the love he freely gives. Fools Crow's many gifts are laid out here - his healing ability, his compassion. It is made clear these are gift's that come from God, not man, and as are to be shared with all.
