### **BOOK REMINDS KIDS TO WASH HANDS**

By The Supe

I love this book-- Every kid I know who read the book -now- wash their hands without being told to do so. And they have not -- had the flu this year. A great cold-virus preventer!

Not for preschoolers!

By ZooKeeperOf2

The book has a long, complicated story that does very little to excite kids into wanting to clean their hands.

Most of the story has nothing to do with washing hands. The cover illustrations lead me to believe a song would be practiced in the book in order to intrigue children who like music. Not so - a song is only mentioned. The illustrations in the book are confusing to my 5 year olds because the names stay the same, but the nationality of the characters and their features change.
