Timeless wisdom

By manhattan_mom

Couldn't resist reading this book after seeing the ads in SkyMall. I've spent so much time on developing business development acumen yet realized a greater and greater part of my roles is contract negotiation. So much of life is a back and forth and then compromise. The book is tremendously powerful and I've seen results right away in every area of my life. Highly recommended!

DO NOT read it if you like when you are taken by your customers

By Dmitry Baranov

It is a must-read book for everybody regardless of their experience in negotiations. DO NOT read it if you like when you are taken by your customers, suppliers, family members, colleagues, real estate agents or car salesmen :)

Head and shoulders above

By M. M. Jackson

Absolutely loving this book. Clearly written by someone who knows (knew?) the subject inside and out, he gives very human and very relatable examples...a distinct contrast to other titles which spoke in a far more

dry, corporate style. A great way to learn this subject.
