But now with these awesome recipes I really don't have that trouble

By Shari Metz

Initially it seemed that the new pressure cooker came with too many functions. I was totally overwhelmed with them and really ended up ruining so many dinners I can't count. But now with these awesome recipes I really don't have that trouble. I'm starting to understand my instant pot better with every new meal I make.

Cook fast by instant pot

By Playboy

Instant pot cooking is not a new thing at all. But a lot of people struggle to cook good food for them and their family. I have never thought that this book will help me so much in my cooking. But this book is absolutely perfect for anyone who wants to know everything about instant pot cooking. Also there are a lot of recipes given in this book. These recipes can be cooked in a very short time and they are very healthy to eat. The recipes are described in depth for all the readers of this book. I really liked it.

Worse cookbook I've ever read.

By JMW

The cover page says "Ultimate Cookbook", "The Complete Pressure Cooker Guide", and "Healthy Dinner Recipes". NONE of these things are true. It is not a pressure cooker guide at all. Just some badly written recipes. As far as "Healthy" goes, recipes that call for a cup of cream, or a half cup of butter are not what I call healthy. I have bookcases full of cookbooks and I cook for a living - this is seriously the worse cookbook I have ever read. I actually bought it for a gift but decided to throw it out instead.
