Love the book

By T. Conti

This book has all of the songs from the movie. The melodies are fun and easy to pick out on the piano. Playing full chords and melody is a challenge for me (I'm low level intermediate player), but it's worth the effort. I love the movie and the songs, and would definitely recommend this book to anyone that does, too.

About the seller, Total Music Source. I received the order confirmation from Amazon at 7:59AM, and received the "order has been shipped" email from Total Music Source 46 minutes later at 8:45AM. 3 days later it was in my mailbox, and that was with standard shipping. Book was in perfect condition. I give Total Music Source 5 stars and will definitely buy from them again!

little shop

By Clare O'Malley

Good sheet music, but missing alot of songs from the movie. Easy to play, but meaty enough for rehearsals.

Pretty good

By Alexander

Quality wasn't as great as described plus there was some things written that should have been replaced.

Overall pretty good.
