A Great buy!

I enjoyed this book thoroughly. Our star Charlotte is captured on a Spanish ship in the Med (1500's) by rebels. She realizes slowly what it involves being a slave. Then she is captured by another pirate who subjugates her and sells her to a slave market. But first she must be trained to be a "proper" slave. The details are amazing, and as she is put on the block for sale you begin to see that she was taught things and put through exercises in an order that leads up to her being a "best buy" the slave market. (eg: special exercises, dances, piercings, training, etc.) There is some whipping, lots of hot sex, and great detail to make it a very exciting read. I would highly recommend it, and am already re-reading it. WOW!
