Could be the most comprehensive & monumental Cayce book ever; incl. Jesus & earth's Creation

By R. A. Brewer

Its really a story of humnaity's creation & creation of the world as much as it is a tale of Cayce's incarnations. This was the book my grandmother always said was her favorite that i should read, but was a bit convoluted for a 13 year old. But now it strikes you as those wow moments, which were many. In fact the 1st several chapters cover more of Christ's incarnations than they do of Cayce's. It is all intertwined. While a good writer, he just sort of picks a chapter title & fills it with all kinds of great stuff.

I was surprised this was as good if not better than the story of Jesus by whats his face & the other book by Sanderfur, which considered two best classics on cayce's work, not Cayce himself. but having read another church's or church-hill's books, story of the soul, & it wa so good, i saw what else he wrote. This was even better than that.

Possibly, like granma said, the best comprehensive cayce book ever. Answers not only the lost years of jesus explained, welll, brushed over actually, but the only book i ever read that told in details and comprhensively about the Persian experiences of both Cayce & Jesus-- very hard-to-find matrial., Also, it does a better job at explaining the creating of the world & us, & the purpose for the world. The last 2 chapters were big time wow, telling us how to find Jesus returning as a man ibn the same body & Cayce's next 2 approaching incarnations.

When he says Jesus would return in the same body, with the wounds still, even before Cayce, who bunny hopped throughout millenia alongside Cayce, it was humbling. Like 36 lives or something. Of course Cayce was not revealed this until the end of his life "so it would not go to his head." Apparently, Cayce will come again twice & maybe Jesus once more or twice--i'm still trying to figure this out, or actually re-read it. It was very "Wow."

Another recent highly good book i must reccommend another author, more detailed in rehashing the readings

on religion & angels, by a minister (Va.Beach)--cant recall name-- was "The Angels Are Talking- Are We Listening." That ministerial author explains very well the concepts of Karma along side the grace of divine forgiveness & what people or beings on other worlds think of Jesus, how they relate. It was a real eye-opener too, right from the purest source, Cayce-- who always said to look within, since God is in each of us. He was never a medium in the normal sense. His readings were directly from the Akashic records, usually, sometimes or often directed by archangel michael, etc.

This Churchill's book here, Many Happy Returns: the lives of edgar cayce." it is quite possibly the best book ever written (pardon the typos)-- monumental in its revelations. She said it was the most important book she ever read & it could be-- it just might be.

Will DEFINITELY buy multiple copies.
