The Philosophical Research Society is a nonprofit organization founded in 1934 for the purpose of assisting thoughtful persons to live more graciously and constructively in a confused and troubled world. The Society is entirely free from educational, political, or ecclesiastical control. Dedicated to an idealistic approach to the solution of human problems, the Society's program stresses the need for the integration of religion, philosophy, and the science of psychology into one system of instruction. The goal of this instruction is to enable the individual to develop a mature philosophy of life, to recognize his proper responsibilities and opportunities, and to understand and appreciate his place in the unfolding universal pattern.

About the Author

Manly P. Hall was the founder of the Philosophical Research Society. In over seventy-five years of dynamic public activity, he delivered more than 8,000 lectures in the United States and abroad, and authored countless books, essays, and articles. In his lectures and writings, Manly Hall always emphasized the practical aspects of philosophy and religion as they applied to daily living. He restated for modern man those spiritual and ethical doctrines which have given humanity its noblest ideals and most adequate codes of conduct. Believing that philosophy is a working tool to help the individual in building a solid foundation for his dreams and purposes, Manly Hall steadfastly sought recognition of the belief that world civilization can be perfected only when human beings meet on a common ground of intelligence, cooperation, and worthy purpose.

The elaborate rituals of the ancient Mysteries and the simpler ceremonials of modern religious institutions had a common purpose. Both were designed to preserve, by means of symbolic dramas and processions, certain secret and holy processes, by the understanding of which man may more intelligently work out his salvation. The pages which follow will be devoted to an interpretation of some of these allegories according to the doctrine of the ancient seers and sages.

The Mystery of Fire

By Cletus F. Wallace

This is a great book! Don't be misled by the diminutive size of this volume, only fifty-four pages. The book is packed with more than enough ideas to ponder in just one sitting. The title is somewhat misleading, only a small portion of the book deals with Melchizedek. The mystery of fire and its meaning to mankind is the actual theme of the book. The author attempts to provide his readers a method to discover the origins of man, who he is, and his true place in the universe. Hall describes how man's body is a living temple, and man a

high priest serving at the initiation and rituals occurring in the various chambers and passageways of the human body. Lurking just beneath the surface of the world's greatest classical literature from ancient times is the collective esoteric knowledge of the human race. It isn't free. It must be worked for. Read and re-read and ponder to discover the essence of the writer's thoughts buried beneath symbolism and allegory. The possession of the occult keys to human salvation through knowledge of self is the goal for which the wise men of all ages have labored. It was the hope of possession of these ancient formulae that strengthened the candidates who struggled valiantly through the danger and disappointments of the ancient initiations. Sometimes, actually, giving their lives in their quest for the truth. It is unlawful to reveal to the uninitiated the key links to the chain of mysteries. It is possible, however, without breach of confidence, to explain certain of the lesser secrets which will vindicate the integrity of the older hierophants, but also reveal part of the mystery of man's divine nature. This book should be appreciated by Freemasons!

Manly P. Hall a respectable man!

By John G. Alvarado

Don't pay attention to the "rubbish" review. Buy this book! People like this should not be reading any of the Mystical books! To a person who is NOT READY all is rubbish. This is why the first Tarot key is called "The Fool". Because to a "normal" person anyone with knowledge of the Mysteries is a Fool! This is why we have the gargoyles, sphinx, and "monsters" outside mystery schools! To frighten the weak of mind away! I have been a Rosicrucian (BOTA, AMORC) for 28 years and a Mason for one. I am also a Computer Scientist. I can tell you that Hall's other book "The Secret Teachings of all Ages" is the ONE most popular book with all students of the Path. Yes, all Mystery Schools (Hermetic, Alchemy, etc.) and the Freemasons work on the transformation of Man. They are the "Builders of the Adytum" (Temple (body)). This should not be too hard to understand to a "normal" person after all we have the example of the Buddha, Jesus, etc. They transformed themselves (Cosmic Consciousness, Christ Consciousness) to "Sons of God". After all, we are ALL "Sons of God" because there is nothing in this Universe (and HE that forms it) OUTSIDE of HIM! Think about it...

The Divine Trinity

By Mod9

The Occult Anatomy of Man, Melchizedek and the Mystery of Fire and Spiritual Centers in Man are three books that I highly recommend for any serious student of the occult. I have Spiritual Centers in Man under its original title, An Essay on the Fundamental Principles of Operative Occultism....it is pretty much the same book. It talks about the various spiritual centers but what I like about it most is the beginning subject matter which is the requirements of the occult student and what he or her should expect on the path of Occult Studies. The Occult Anatomy of Man explains how man is a microcosm of the universe and Melchizedek relates Biblical symbology to the various parts of the physical and spiritual bodies. Kundalini, chakras and the various bodies of man are covered in all three books. I recommend them all.
