## Review

"NAVIGATING CHAOS is one of the best leadership books you are ever going to read.

Told with wit, charm, and intelligence - it is a must for every businessperson serious about success.

Mix Sun Tzu's THE ART OF WAR with Covey's THE SEVEN HABITS OF HIGHLY EFFECTIVE PEOPLE and you only begin to scratch the surface of Boss's engaging and exceedingly well-written NAVIGATING CHAOS.

Boss went to hell and back to procure the leadership insights contained within NAVIGATING CHAOS. What he delivers is beyond anything you will read this year!"

- Brad Thor #1 New York Times bestselling author of CODE OF CONDUCT

"Jeff Boss is a shining example of the power of quiet leadership. The perseverance, humility, and team-first attitude that allowed him to excel as a Navy SEAL are directly applicable to all leaders."

- Susan Cain, New York Times bestselling author of Quiet: The Power of Introverts in a World That Can't Stop Talking.

"Jeff Boss's 'Navigating Chaos' is a gift to anyone striving to unlock their full potential. Through his compelling and introspective personal narrative, coupled with 13 years of hard earned experience, Jeff show us that being elite is a choice, not at all G-d given, and is driven by daily habits, passion in the face of adversity, and a deep sense of purpose that can be harnessed by anyone to achieve the nearly impossible."

-Zach Ischol, CEO Hire Purpose T&P

"A more credible authority than a Navy SEAL on navigating crisis simply does not exist. Jeff Boss does a masterful job defining how experiences and character shape performance in any challenging situation. You have to be the decision maker and challenge yourself to improve. Start by reading this book!"

- Bob Stockman, CEO and Chairman, REVA, Inc.

#### About the Author

Jeff Boss served thirteen years in SEAL Teams across eight deployments, receiving four Bronze Stars with Valor and two Purple Hearts. He now works as a leadership coach and business performance coach. He lives in Washington, D.C.

# NAVIGATING CHAOS: HOW TO FIND CERTAINTY IN UNCERTAIN SITUATIONS BY JEFF BOSS PDF

Jeff Boss has faced and overcome uncertainty in the most tumultuous circumstances. As a Navy SEAL, he worked in some of the most unforgiving environments on earth and faced enemies that constantly changed, much like today's business landscape. In a world of chaos, how do individuals and teams stay together to find certainty in a world where there is anything but? This book reveals how. Using anecdotal experiences from both the military and business worlds, Boss highlights the mindset and practical steps of how people and organizations can forge certainty amidst inevitable chaos.

My Roadmap Towards Success - Great Book

By Spencer M.

Navigating Chaos is a must read for any organizational leader or aspiring one with a goal/objective to be successful. Yes, that statement is ambiguous on purpose. I could write a mini-book on the value and lessons Jeff Boss delivers in his book, but I wouldn't be doing it justice (no pun intended).

We live and conduct business daily with new information, new decisions to make and new technology to adapt to. At the same time many of us constantly feeling like more needs to get done and there is a constant struggle to manage the chaos that surrounds us. Jeff's tone, personality and humorous anecdotes compliment his descriptive stories that will humble the smartest and toughest individuals alive. He is able to take the reader on a journey that feels familiar, yet couldn't be further from the truth considering the majority of corporate leaders have never experienced what he and his Navy Seal teammates did. The lessons and values he preaches apply directly to sound business fundamentals and how to live a better life.

I am on my second round of reading what I consider to be a roadmap to become a better husband, father, business leader and person. After reading Navigating Chaos, I am humbly reminded on the importance of transparency, communication and that learning process never ends.

If you have made it this far with reading my review, go the extra step and purchase a copy of this book. You will not be disappointed and you will find yourself referring it to others.

Dynamic and Extraordinary book about managing chaos!

By C G

If you are looking for an Awe-Inspiring, Captivating book and tips about how to be better at handling situations (Chaos) in your life, then this IS the book for you! I read the entire book, cover to cover in 2 days; making notes on over three quarters of the 275 pages.

The principles in the book relate to every person, regardless of what your 'job' is or where you are in life. Reading the book put me on the edge of my seat most of the way through, as Jeff described so many details of the missions he went on; it was like I was there with the TEAM. It is amazing how Jeff correlates his military experience back to how companies and you can improve.

The premise of the book is based on 4 pillars of performance: Physical (Habits, health, rest, nutrition); Mental (Focus, mental fortitude, learning); Emotional (Passion, emotional, intelligence, resilience); and Spiritual (Purpose, fulfillment, visualization).

Quote from page 5: "The secret is to keep the performance capabilities (physical, mental, emotional, spiritual) fulfilled, as doing so sustains energy levels to perform, adapt and to lead".

While there are far too many incredible words and quotes in the book, here are a few 'takeaways' that put me on 'stun' for a moment; words that made me sit back, breathe and take it all in before I could continue on to the next section: Page 32 – Leadership; Page 39-43 – Purpose; Page 52 – Passion; Page 58-61 – 12 points about passionate people; Page 67 – 5 C's of chaos; Page 70 – Tactical Patience; Page 145 – Humility; Page 215-217 – The Door; Page 235-248 – The SEAL Secret Sauce.

Last, but not least: Quote from page 275: "there's always opportunity in chaos".

Don't pass on this book, as it is too good not to have in your collection of incredible and super reads.

Just Buy It.

By scott

I couldn't put this book down! Through his writing Jeff is able to reach and talk to an audience and help them in a way that very few can. There is no bravado in the book and you can feel his desire to simply help people through sharing the lessons he learned through his travels in the Special Operations community. His stories are on point, his writing is amazing, and the principles discussed are relevant to any professional and most organizations.

Buy the book, you won't regret it.
