Review

"I consider it to be the wisest purchase of a textbook in the entire field of diagnostic neuroradiology...This is the text recommended over all others, no matter one's degree of experience or training. This book is unique in its approach, complete in its content, and profuse in its illustrative and tabular material." Reviewed by AJNR, review of the 2nd edition

Best stand alone book for neuroradiology!

By Amazon Customer

Must have book for core radiology rotations and NEURORADIOLOGY fellowship... No other book covers the breadth and dept of NEURORADIOLOGY while keeping it less than 700 pages! The practical approach which js clinically and board-relevant make it the best Neurorad book out there.
