**\*\*192 page, full-length novel\*\* MY HEART WANTS A KIND OF JUSTICE THE LAW CAN'T GIVE**

On a dark, rainy night I drove my overstuffed junker car back to a town I never expected to see again.

And when I needed a rescue by the side of the road, a six-foot tall piece of hot, unfinished business named Mark was what the universe sent me.

Three years earlier I'd fled town (and Mark) to follow my wrongly-convicted father to his federal prison, working crappy jobs to stay afloat and visit him every second I could. But now Dad's dead and I'm mysteriously offered the best job of my life at the college where his life blew up when he was accused of a crime he didn't commit.

Someone wants me here. Desperately.

I'm hoping it's Mark.

Because if it's not, I'm in more danger than I ever imagined.

And if it is?

Mark may be the most dangerous choice of all.

Brilliant - but be warned you have to buy all three books

By K W

Warning - unless you are prepared to buy all 3 books then don't bother reading, as it all one story. That being said, I am in awe of the ability by this author to weave a tangled tale of mystery suspense and romance. On edge of my seat waiting till the third book is released. I truly hate not being forewarned that I'd be sucked in to buying three books. Just be upfront at the beginning ! However worth every penny . Brilliant story telling

Amazing start to a new series!

By sambora01

I was honored to receive this book from Meli Raine for my honest opinion of the book and the first word that come to my mind is WOW and then I did not expect that to happen! I loved her first series which started with "Finding Allie" and I was so very excited to be given the opportunity to read this first book in her new series...with that said I will warn all of you that this is the first of three books in the series and that it ends with a cliff hanger and what a cliff hanger it is...that falls into the category of I didn't see that coming.. we meet Callie and she is going home..after her dad dies in prison for a drug convection that she in her heart knows he didn't have anything to do with! We meet Mark who if you read her first series we know is related to Chase who makes an appearance in this book as well...her return does not start out smooth..she gets flat and the person who comes to help her is Mark her love and the person she just left behind..the attraction is still there and just as strong..we see sparks..Callie is determined to clear her fathers name but in the meantime things are happening with in the area..women are disappearing..and they look like Amy Callie's one and only friend...this book had me turning pages until I found that I was at the end of it..it's passion, suspense along with some tears and some laughs I found myself wanting book 2 right now. This had everything I expected and so much more...bring on the next book as I need my fix!

Hot and Suspenseful

By NB

Wow. I did not expect that at all! I have been super busy and in a total reading funk that nothing has kept my attention. This book had everything I needed and more. Holy hotness mixed in with mystery and suspense.

Carrie has quite the story, she is moving back to her hometown she left three years ago to follow her wrongfully accused father in prison. Now her father is dead and she was offered a job that she couldn't turn down.

When Carrie left town she left Mark behind. Oh Mark, please be good.
