From the Back Cover

Now updated and revised, the second edition of A Russian Grammar Workbook is an essential tool for serious students of the Russian language. Designed for use as a companion volume to the highly acclaimed A Comprehensive Russian Grammar or as an independent resource, the workbook features detailed coverage of all aspects of Russian grammar.

In this new edition, Russian language specialist David Gillespie further refines and updates Terence Wade's original work by reflecting changes in Russian lexis and grammar over recent years. Activities in the text range from substitution drills and multiple choice questions, to translation exercises and a grammar quiz, with all-important grammatical points illustrated and explored in depth. The structure of the book is directly linked to the Grammar, a transparent arrangement that allows ease of referencing back and forth between the two books. It also features a key for students working independently and helpful suggestions for ways to follow up particularly complex issues in greater detail. The Workbook provides a rigorous and hands-on guide to Russian grammar for students who are intent on mastering the nuance and complexities of this language.

About the Author

Terence Wade (1930–2005) was Professor Emeritus and Research Fellow in Russian Studies at the University of Strathclyde, Glasgow. He wrote 12 books, including *Prepositions in Modern Russian* (1985), *Russian Etymological Dictionary* (1996), *The Russian Language Today* (with Larissa Ryazanova-Clarke, 1999), and *A Comprehensive Russian Grammar*, third edition (revised by David Gillespie, Wiley-Blackwell, 2010).

David Gillespie is Professor of Russian at the University of Bath, UK, where he has taught Russian language and culture since 1985. He is the author of 8 books and more than 50 papers on modern Russian literature and film.

Great! No problems at all.

By top opening reviewer

50 bucks is a hefty price to pay for a workbook so the main question is this book worth it and will it improve your Russian improve. Well the answer is yes and here's why--

I own pretty much all of the highly praised Russian material including *Using Russian a Guide to Contemporary Usage*, *Using Russian Vocabulary*, and *Modern Russian An Advanced Grammar Course*. None of these surprisingly have a workbook. I cannot say that's a bad thing, but to have the ability to reinforce concepts, practice what you learn, build vocabulary, and be introduced to more examples is a serious benefit. This workbook corresponds beautifully with Wade's grammar book. I found myself seamlessly going back and forth between the two, and the exercises correspond well with what you learn in each topic. But here's the kicker and ultimately why you should shell out 50 bucks-- Answers are provided! This adds a high amount of practical value and you can easily check your work for each exercise. With some hard work, one can gain a ridiculous amount from this. This brings up my next point -- this isn't really for beginners. One should have at least completed their first year of Russian. I'm on my 3rd year of Russian and I had to look up words and was challenged by some complex sentences structures. You should at least have a firm grasp on basic Russian grammar like case endings, case usage, verbs of motion etc... as well as a good vocabulary. If you're lacking in the areas it is of course still possible but will require some extra effort.

It can be used as an independent resource but of course this is not recommended. A lot of the vocabulary is drawn from Wade's grammar book-- which I would like to add is truly excellent. I was studying a lot from *Modern Russian* but the exercises were dull and it did not have a key. Add to that the fact that it is quite old and I found myself looking for something fresh with enough advanced grammar to improve my Russian. Well Wade's book goes above and beyond covering nearly every aspect of Russian grammar ever conceived. You name it and it has its own section with detailed examples and explanations.

All in all, I think the two are inseparable and will give the serious student of Russian that extra boost they have been looking for. This will truly help you master the nuances of Russian grammar.

Excellent for advanced students

By Jacob

Expensive for a workbook but worth it when used with *A Comprehensive Russian Grammar*. As an advanced student (5+ years) I am always running into the little quirky details of the language. The textbook

almost always provides an answer, and the workbook exercises do a good job of helping you remember what you've learned. Answers are provided and everything is pretty well organized. Great for self-study once you've got all the basics down pat.

Seriously difficult - but good. Some of the Russian appears to be old ...

By Bigwood

Seriously difficult - but good. Some of the Russian appears to be old a pre-1917 style - great for reading Russian Fairy Tales, but not so good in modern life. Like who would ever say: "????????? ??????? ??????? ?????."? But it really makes you think...
