Goosebump look-a-like

By A Customer

I thought that this was an okay book for beginner horror fans, especially if you enjoy the Goosebumps line of books. However if you are someone who doesn't think too highly of Goosebumps then I suggest you avoid this title. For the most part this title keeps you on the edge of your seat, but it isn't too hard to put down. Even though the title lacks imagination the plot is pretty original. In conclusion if you are a fan of beginner thrillers like Goosebumps then I suggest you take a look, if not you shouldn't bother with this novel.
