Why this is a great book for kids

By jane iwenofu

This is an interesting story about a beautiful peacock - the entertainer of the animals in an african jungle who loses her joy and pride when her feathers are mischievously stolen away through magic by a very jealous and envious little yellow bird. When I read this story to little children, they are captivated and cant wait to see what will happen next. I ask them questions throughout and get them to contribute their opinions. This book is a great read because it encourages the children to think critically and to learn a few things about nature. The only down side about the book is that after the children hear the story, they will want you to read it over and over again. :)

Enjoy!
