What happened?

By MDeleon

This last book was super depressing! I have never read a book where death and then heaven were the happily ever after. I really liked the first two but this one felt like a super long epilogue after 30% through. There really wasn't any depth to a lot of the secondary characters introduced. I think that is partly because the author wanted to cover such a large time span, that she often had to gloss over things. It was nice to know what happened to each of the characters but you missed out too. Also this book focused much more on religious themes like heaven, peace with god and god's plan. Because not everyone agrees on those themes I thought I would just put that out there.

Fond of the Series

By Janice Vincent

I'm fond of this story--all three books. The series certainly has a hopeful ending about the afterlife. However, it was a little too preachy for me. Also, there's an underlying story in the series that made me uncomfortable, which I can only describe as the "taming of the shrew" part of the series. Too often, as it is in real life, the reader is presented with the truth that "this is just how it is." Ironically, it was far too realistic for me and how the world remains, despite it's futuristic plot and fantasy elements. It brought home the truth that things haven't changed much. It brought home many truths, in fact, and I didn't like some of them, but that's not because they weren't true.

Overall, I loved the way the story read. I particularly liked the story line, which was imaginative and very approachable, easy to get into. I read every word over several days. It was engaging, realistic in ways that I found interesting, and unrealistic in other ways, that I also found interesting, if uncomfortable. No matter what, I stuck with the story and finished the entire series, despite my disbelief in some of the assumptions made in the story.

The Best for last

By Amazon Customer

This is definitely my favorite book in The Circle series. This story is very emotional and has a lot of drama,

and conflict. Everything in a story I love. There were several times when Charlie had me fuming. But his emotions and reactions made the story realistic. I don't like reading books where all the characters are perfect. We all have flaws and I like the fact that this story shows Charlie's growth. I also like that we get a better understanding of Charlie's feelings during his distance. Knowing his true feelings let you understand him better, and gives you a better insight of the very tragic situation. Michael and Delilah were very entertaining to read about. I liked being able to see a Sentrion's relationship. And Eve Royal or as I call her Royal Queen B, is by far one of my favorite villains. I'm thrilled justice was served. The Epilogue chapter, Sonora was beautiful. It ties everything together seamlessly.
