THE MAGNOLIA STORY BY CHIP GAINES, JOANNA GAINES, MARK DAGOSTINO PDF

Are you ready to see your fixer upper?

These famous words are now synonymous with the dynamic husband-and-wife team Chip and Joanna Gaines, stars of HGTV's *Fixer Upper*. As this question fills the airwaves with anticipation, their legions of fans continue to multiply and ask a different series of questions, like—Who are these people? What's the secret to their success? And is Chip actually that funny in real life? By renovating homes in Waco, Texas, and changing lives in such a winsome and engaging way, Chip and Joanna have become more than just the stars of *Fixer Upper*; they have become America's new best friends.

The Magnolia Story is the first book from Chip and Joanna, offering their fans a detailed look at their life together. From the very first renovation project they ever tackled together, to the project that nearly cost them everything; from the childhood memories that shaped them, to the twists and turns that led them to the life they share on the farm today.

They both attended Baylor University in Waco. However, their paths did not cross until Chip checked his car into the local Firestone tire shop where Joanna worked behind the counter. Even back then Chip was a serial entrepreneur who, among other things, ran a lawn care company, sold fireworks, and flipped houses. Soon they were married and living in their first fixer upper. Four children and countless renovations later, Joanna garners the attention of a television producer who notices her work on a blog one day.

In *The Magnolia Story* fans will finally get to join the Gaines behind the scenes and discover:

- The time Chip ran to the grocery store and forgot to take their new, sleeping baby
- Joanna's agonizing decision to close her dream business to focus on raising their children
- When Chip buys a houseboat, sight-unseen, and it turns out to be a leaky wreck
- Joanna's breakthrough moment of discovering the secret to creating a beautiful home
- Harrowing stories of the financial ups and downs as an entrepreneurial couple
- Memories and photos from Chip and Jo's wedding
- The significance of the word magnolia and why it permeates everything they do
- The way the couple pays the popularity of *Fixer Upper* forward, sharing the success with others, and bolstering the city of Waco along the way

And yet there is still one lingering question for fans of the show: Is Chip really that funny? "Oh yeah," says Joanna. "He was, and still is, my first fixer upper."

Just good reading

By tech

Great reading couldn't put it down made me smile, laugh and see some things in life we all go through similar. My grandson asked if I could read him a chapter as a bedtime story and after, he said they are special and funny Grandma can you read me more tomorrow .Thats a impact that I'm thankful for Thanks and enjoy everyone

Chip and Joanna are a Delight!!

By Amazon Customer

I received the Audible version of this book this morning. Chip and Joanna are the narrators and it is positively delightful hearing this book "in their own words"! Learning about their early life and the way that they have dealt with their problems and how they have lived their lives has been uplifting. They have overcome adversity and have built a life full of love, family, talent, professionalism keeping their faith first and foremost. They never forgotten who and what is important. I have finished the book already and will listen to it again and again! I love their series and hope they will stay on the air for a long, long time!!

I didn't want to read this book...

By EW

I'm a huge fan of Fixer Upper. I love how real Chip and Joanna are, and the homes they create always leave me feeling so inspired... And a bit jealous. I initially didn't want to read this book because I thought it might leave me dissatisfied with my current life situation, and longing for the life of Chip and Joanna Gaines. But I did read it, and it did the complete opposite! I haven't felt this inspired, satisfied, or encouraged in a long time. If you're looking for a "how to" book on design and building, this isn't it. It does, however, offer so much more - you won't regret reading it. I would highly recommend this book to anyone.
