Another Amazing Insightful Global Book

By David Thompson

Once again, I find the depth of Irene Egerton Perry's authorship to be way ahead of her time. In *TPINE* she writes with conviction and is exposing the universality of how women and men internally feel about sex, relationships, spirituality, culture and commitment. In Ms. Perry's book she explores relationships with young, old, straight, gay and interracial perspectives and the role that sex plays into enhancing or detracting from a relationship. Similar to your previous book series "*Light In The Basement*", *TPINE* is another page turner that incites and excites the mind.

Thank You Ms. Perry.

The things I did not know ...

By geek so cool

Very little of the written material is actually by Ms. Perry, but it's an interesting compilation. Comical and informative.

Does anyone know if Perry ever published the non-fiction counterpart to her "*Light in the Attic*" series?
