Richard Binder's best volume yet

By Jonathan B. Siegel

Packed with info, carefully and clearly written, with warmth and humor evident throughout. You'll find yourself reading and re-reading even those sections that are specific to pens you have no intention of acquiring, just for fun and for the contextual/historical info provided.

The illustrations (photos and brilliantly-colored 3D engineering drawings) are superb, and the book design takes full advantage of the ebook format.

Highly recommended to pen collectors and aficionados at every level of experience.

Five Stars

By Peter W. Ogden

Clear, concise and well written for the newly initiated as well as the seasoned veteran.

0 of 1 people found the following review helpful.

Highly recommended!

By Dennis Dean

Richard is one of the most valued resources in the fountain pen community. If you are interested in fountain pens and don't have his books, you are missing out! Highly recommended!
