You might not bring the printed publication The Vampire's Assistant (Cirque Du Freak, Book 2) By Darren Shan or only pile the book in your house or the workplace.

## Amazon.com Review

What if you were an unwilling vampire? You needed to drink human blood to stay alive, but you weren't some horror-flick villain; you were you, born human--a nice person, even. Thus is the dilemma of the young narrator-protagonist, Darren Shan, in this tremendously suspenseful, oft-sickening sequel to Cirque Du Freak: The Saga of Darren Shan. In the first book, Darren becomes a vampire's assistant to save the life of his friend Steve. In order to do so, he has to fake his death, get buried alive, and head out--half-human, homeless, and friendless--into the world. The Vampire's Assistant chronicles his new lonely life as a half-vampire, pumped with the cursed blood of his vampire guardian, Mr. Crepsley. Darren has much to learn about his freshly supernatural state. He doesn't grow fangs, for instance, like he thought he might. And he can't change shape or fly. Garlic just gives vampires bad breath... And they eat bagels. Some of the hardest lessons of all come when he joins the traveling freak show Cirque Du Freak, the show that got him and Steve in trouble in the first place. Readers won't be disappointed by this fast-paced, gory, but strangely amiable sequel. In fact, the plot is much better paced than the first and the dialogue far more natural. Deadly pythons, a snake boy, Cormac Limbs (bite off his finger and it grows back!), and an entire cast of dreadfully creepy characters offer excitement beyond expectation. Along the way, we come to really like Darren, who will do absolutely anything for a friend. British author Darren Shan promises more adventures in 2002. (Ages 10 and older) --Karin Snelson

## From Publishers Weekly

In The Vampire's Assistant, the second installment of the series begun with Cirque du Freak by Darren Shan, the hero returns to the old-fashioned freak show where, thanks to Mr. Crepsley, he became a "half-vampire." Darren once again struggles against the urge to feed upon the human blood his health requires.

## From School Library Journal

Gr 5-8-After a breezy two-page introduction that gives the major plot points of Cirque du Freak, readers are

plunged back into the world of a young, newly minted half-vampire (a concept that is never fully explained). With his mentor, the creepy full vampire Mr. Crepsley, Darren is learning the ropes of the undead. Readers quickly get a rundown of the facts, the most important one being that vampires, even half ones, must have human blood to survive, and Darren can't bring himself to drink. There is not much plot here. He and Mr. Crepsley return to the Cirque du Freak. Darren and Evra, a snake-boy, make what is ultimately a tragic friendship with a local boy named Sam and a self-proclaimed "ecowarrior" named R.V. It is R.V. who precipitates the real action as he becomes suspicious of animals disappearing from nearby farms. The first-person narration seems superficial, and there is little depth to Darren's character. That said, Shan creates heart-pounding, page-turning action that will keep kids reading. He certainly knows his horror, and this book cranks up the gore factor a notch or two. Readers will get more information about the genuinely weird denizens of the Cirque du Freak. There are some genuinely horrific, almost painful moments, particularly at the book's tragic climax. Readers will be turning from the page, sickened, and then come back to find out what happens next. The question remains, where can Shan take his readers from here? Just how far will he go?-Tim Wadham, Maricopa County Library District, Phoenix, AZ

Turn your kids onto reading again.

By William

I remember reading this book as a child and loved it back then. I am now an instructional aide for some 6th graders. They really were not invested in reading until I gave them this book. There was one scholar in particular who would not read any book given to them because they were not "good" at reading until they picked this one up. They have read this book enthusiastically and actually want to complete their work quickly so they can get back to reading the book. Any book that can truly change a scholar's perception of reading is truly a marvelous book. I'm glad to get them for the scholars of my class.

Strong support for friendship and brotherly love.

By S. Smith

Sounds freaky for parents - Vampires!!?? But the topic is treated very humanely. The boy in question is very concerned about his predicament and reluctant to hurt anyone. The series has very positive messages about friendship and responsibility.
