Has a good amount of information on Wing Chun but i felt ...

By Albert echevarria

Has a good amount of information on Wing Chun but i felt a lot was missing. The pole, long arm chi sao, battle punches, chi gerk and more. The book us also rather short but it was a decent read.

0 of 0 people found the following review helpful.

A great summary of the Yip Man family Wing Chun system

By Michael Kopatch

I really like this book, it has alot of information and pictures and stories. I think this book is best for people studying wing chun. It has pictures of the main postures/techniques of the three hand forms but you couldnt learn the forms by reading this book. There is alot of information and pictures of chi sao. there are no pictures of applications for the first 2 forms but there alot for the third form 'Bui Tze'. Over all its a great book i would def. recomend it to any wing chun practitioner it might be alittle to much for someone whos just starting out.
